

## Mouse Monoclonal Antibody to human TSH

**PRODUCT CODE :** BF 1092

**CLONE NOS :** 1405026 & 0805016

**IMMUNOGEN :** Purified human thyroid stimulating hormone (TSH) from human pituitary tissue.

**PRESENTATION :** Protein A purified immunoglobulin in PBS buffer, pH 7.4, containing 0.1% sodium azide as preservative.

**IMMUNOGLOBULIN SUBCLASS :** IgG1 for both clones

**SPECIFICITY :** **Clone 1405026** specifically recognises the whole molecule of human TSH and does not cross-react with human LH, FSH or hCG.

**Clone 0805016** specifically recognises the  $\beta$  sub-unit of human TSH.

**APPLICATION :** For detection of human TSH in a 2-site enzyme immunoassay. Clone 1405026 is recommended for use as label in conjunction with clone 0805016 for capture.

**STORAGE :** +2 to +8°C
