

## Mouse Monoclonal Antibody to Listeria Monocytogenes

**PRODUCT CODE :** BF1180

CLONE NO.	ISOTYPE
1008011	IgG2a
1108021	IgM
1702014	IgG1
1802024	IgG2a
1902034	IgG2a

**SOURCE :** Mouse ascites fluid

**PRESENTATION :** Protein G Sepharose purified immunoglobulin in PBS buffer, pH 7.4

**SPECIFICITY :** All clones recognise both Listeria monocytogenes intact cells and outer membrane fraction.

**APPLICATION :** Detection of Listeria monocytogenes in ELISA and Western Blot. The recommended pair for sandwich immunoassay is clone 1702014 for coating and clone 1802024 for detection.

**PRESERVATIVE :** 0.1% sodium azide

**STORAGE :** +4°C
