

Mouse Monoclonal Antibody to Legionella Pneumophila LPS

PRODUCT CODE : BF 1215

CLONE NO. : 0212018
0212028

IMMUNOGEN : Membrane fraction of Legionella
Pneumophila, strain Philadelphia 1

PRESENTATION : Protein G Sepharose purified
immunoglobulin in PBS buffer, pH 7.4.

IMMUNOGLOBULIN SUBCLASS : IgG₃

SPECIFICITY : Mabs react with LPS membrane of
Legionella Pneumophila.

APPLICATION : Clone 0212018 is intended for use as capture
element in sandwich ELISA with clone
0212028 for detection.

PRESERVATIVE : 0.1% sodium azide

STORAGE : +4°C
